Sir:

Pursuant to 37 C.F.R. 1.47(a), Applicants hereby request reconsideration of the decision issued March 18 refusing status of the December 10, 2003 Petition For Filing By Other Than All The Inventors.

The name and last-known address of the co-inventor refusing to join in this application are as follows:

A new Affidavit is attached providing proof of the pertinent facts concerning the refusal of co-inventor Nguyen to join in the present application for patent.

The Decision also indicated a deficiency in the Declaration in that it contained non-initialed and/or non-dated alterations in the signature block for joint inventor Werner Lonsky. A new oath signed by joint inventor Werner Lonsky is attached.

AFFIDAVIT OF JUDY L. GAROT

STATE OF WISCONSIN).

) SS.

COUNTY OF WINNEBAGO)

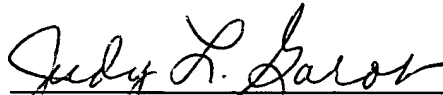

Judy L. Garot, being duly sworn, and having personal knowledge of the facts set forth herein, hereby deposes and says that:

1. I am employed by Kimberly-Clark Worldwide, Inc., 401 North Lake Street, Neenah, WI 54956 as an administrative assistant in the Legal Department/Patents and have been employed by Kimberly-Clark Worldwide, Inc. since December 27, 1978. I am currently assigned as assistant to Patricia A. Charlier, the attorney prosecuting the above-referenced application.
2. As part of my duties, I prepare the paperwork to accompany the patent applications filed by Ms. Charlier and work with the inventors of the applications to obtain their signatures on the required documents.

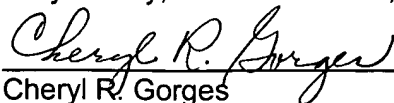

3. The above-referenced application is a continuation-in-part of U.S.S.N. 10/315,697 and also claims priority to provisional application U.S.S.N. 60/479,719 filed June 18, 2003. In July of 2003, I contacted the three named inventors, Werner Franz Wilhelm Lonsky, William Hung Nguyen and Kevin Bradley Sartain and obtained their signatures on an Assignment to Kimberly-Clark Worldwide, Inc. which was recorded on July 30, 2003 at Reel 013842 and Frame 0006. A true and correct copy is enclosed as Exhibit A. I also obtained their signatures on a Combined Declaration and Power of Attorney - Provisional U.S. Patent Application. A true and correct copy of that document is enclosed as Exhibit B.
4. At the time the provisional application was filed on June 18, 2003, Messrs. Lonsky, Nguyen and Sartain were all employed by Kimberly-Clark Worldwide, Inc., the Assignee. During the time between the filing of the provisional application and the filing of the above-referenced continuation-in-part application, Co-Inventor Nguyen's employment with Kimberly-Clark Worldwide, Inc. was terminated.
5. During the first week of November, 2003, I again made contact with Messrs. Lonsky and Sartain about obtaining their signatures on the paperwork for the continuation-in-part application. I forwarded the documents first to Mr. Sartain who was located in Jenks, Oklahoma. On or about the week of November 10, 2003 I spoke with Mr. Nguyen by telephone to make arrangements to meet with him for reviewing the application and signing the paperwork. I wanted to meet with Mr. Nguyen personally because of security issues since he was no longer employed by Kimberly-Clark Worldwide, Inc. Mr. Nguyen gave me an alternate phone number to try if I was unable to reach him at his home number, and I interpreted his demeanor during the time of this conversation to indicate that he was willing to consider signing the Declaration and Assignment documents when they were returned to me by Co-Inventor Sartain.
6. On November 17, 2003 I again made two telephone calls to Mr. Nguyen at his home and left him a voice mail indicating that the paperwork was now ready for his signature and that I would like to meet with him. I didn't receive a response and left a message for Mr. Nguyen at the alternate phone number he provided.
7. On November 19, 2003 at about 3:10 p.m., Mr. Nguyen called my office and related to me that he had reconsidered and would not meet with me to review the application or sign the Assignment or Combined Declaration and Power of Attorney documents after all. He indicated that he was going to leave later that day for an extended visit to his family in Minnesota. Mr. Nguyen also stated the reason for his refusal to sign the documents was that his employment with Kimberly-Clark Worldwide, Inc. was terminated and he felt that he did not have any obligation to work with Kimberly-Clark Worldwide, Inc. in obtaining a patent. After our telephone conversation, I did not forward Mr. Nguyen a copy of the application, drawings, and declaration papers since Mr. Nguyen had made it clear to me that he was not going to review the application or sign the documents and he would be

unreachable for an unknown time. His demeanor at the time of the November 19 telephone conversation indicated to me that there was nothing that would change his mind about his refusal to review the application or sign the paperwork.

8. On December 4, 2003 at 3:15 p.m., I received a telephone call from Mr. Nguyen indicating that he had considered the matter further and would sign the papers only if he received what he considered fair additional compensation. His request was deemed unacceptable and refused by management of Kimberly-Clark Worldwide, Inc. The application was then filed on December 5, 2003 with a Petition For Filing By Other Than All The Inventors.
9. After receipt of the Decision Refusing Status mailed March 18, 2004, I again attempted to contact Mr. Nguyen. On April 14, 2004, I forwarded to him via certified mail a letter containing a copy of the application as filed and an Assignment and Combined Declaration and Power of Attorney for his signature. Mr. Nguyen received the materials on April 20, 2004. A copy of the letter sent to Mr. Nguyen and the card indicating his receipt thereof are attached.
10. On May 7, 2004 at 10:47 a.m., Mr. Nguyen called me and again reiterated his position that he would not sign the Declaration and Assignment documents without additional compensation by Kimberly-Clark Worldwide. The request was again refused by management later on the same day. Attached is a copy of a Confidential Information and Business Ideas, Inventions and Developments Agreement signed by Mr. Nguyen on December 28, 2001, paragraph 4 of which covers Mr. Nguyen's obligations to Kimberly-Clark Worldwide, Inc. regarding business ideas, inventions and developments after his employment terminated.
11. I interpret Mr. Nguyen's conduct during my November 19, 2003 and May 7, 2004 telephone discussions with him as a clear indication that Mr. Nguyen will not sign any application papers offered to him for execution under any conditions acceptable to Kimberly-Clark Worldwide, Inc.

Re: K-C Docket 18,693.1

Dear Bill:

We filed a continuation-in-part patent application on December 5, 2003. You and I had several discussions during that time period regarding your reviewing the application and signing the paperwork for the Assignment and Combined Declaration and Power of Attorney documents. You indicated to me during our conversations that you would not join in the filing of this application for personal reasons.

Attached is a copy of that application as filed, along with the two documents that require signatures by the inventors. I am asking once again that you review the application and sign the two enclosed documents and return them to me in the self-addressed and stamped envelope enclosed. If you still do not wish to sign the documents, please return them to me unsigned in the enclosed envelope along with a note signed and dated by you to the effect that you will not sign. I have enclosed \$1.00 as your compensation for signing the Assignment.

Please feel free to call me at (920) 721-2434 with any questions. I will be out of the office on April 15th and 16th but expect to return on the 19th.

Thank you for your consideration.

Sincerely,

A handwritten signature in cursive script that reads "Judy L. Garot".

As a condition to my employment and continuing employment with Kimberly-Clark Corporation ("the Corporation"), I agree that:

1. Trade secrets and confidential information about the Corporation's business which may be disclosed to me or of which I may learn in the course of my employment are not to be disclosed; one of my important duties as an employee, and even after my employment terminates is to use my best efforts to safeguard the Corporation's trade secrets and to keep information about the Corporation confidential. I will not disclose any of the Corporation's trade secrets or any confidential information about the Corporation until I have express authorization to do so. I will assume any particular information about the Corporation's business is confidential until I am informed it is not or until it has been published or is generally or publicly known outside the Corporation or (in the case of information about processes, procedures, machinery and equipment) until it has been recognized as standard practice outside the Corporation.

2. The term "Business Ideas" as used in this Agreement means all ideas, inventions, data and developments, whether or not patentable, which I originate or develop except those which are unrelated to the Corporation's business, which are not originated or developed during my working hours, and for which the Corporation does not furnish materials, labor, facilities, information or other assistance.

The Corporation will own all rights in all Business Ideas which I originate or develop

either alone or working with others while I am employed by the Corporation.

3. While I am employed by the Corporation:

3.1 I will assign to the Corporation all Business Ideas and promptly execute all documents which the Corporation may reasonably require to perfect its patent and other rights to such Business Ideas throughout the world.

3.2 I will promptly disclose to the Corporation all information concerning all business ideas, inventions, data and developments, whether or not originated or developed by me, which comes to my attention and which concerns the Corporation's business.

4. After my employment with the Corporation terminates, I will promptly disclose to the Corporation all Business Ideas relating to matters with which I came in contact during my employment, provided that such Business Ideas originated or were developed during my employment or during the six months immediately following termination of my employment. I will promptly assign to the Corporation all such Business Ideas and promptly execute all documents which the Corporation may reasonably require to perfect its patent and other rights to such Business Ideas in countries where the Corporation shall have previously filed one or more patent applications.

Nothing in this Agreement will prevent me, after my employment terminates, from using skills and knowledge of a general nature gained while I am employed by the Corporation.

This Agreement becomes effective on the date inserted below and will govern the relationship between the Corporation and me from this date forward; any previous agreement I may have signed will continue to govern the relationship between the Corporation and me until the date inserted below.
